"I have been with CS for some time now and have always found them courteous and obliging.

They have helped me and I believe others of limited means to organize my finances in relation to payments of rent and other bills so that these are paid on time.

They have also helped me to save on a regular basis for unexpected circumstances should they occur.

I would like to thank them for the help that I have received and would very much recommend CS to anyone."

"Gentleman needing dental work

You may remember a recent email regarding a gent who needed dental treatment - well there has been a happy ending I can report. He is having on-going dental treatment and hopes to be smiling again by Christmas. In return for the help he got from all concerned he has asked that I pass on his name and number and if any Member needs a volunteer driver, he has a clean driving license and would be happy to help out. He is currently not working while waiting for an operation but can drive. He also says he is good with people and very patient and courteous. If you can make use of his services, not only would it help you and your users, it would also help him feel useful and pay back the kindness.

Small Dog Needed!

You may also remember that I put out a request for a small dog for a gentleman who was broken hearted when his small dog died. 3 Days after this message went out a 2 year old Jack Russell was brought over from Guernsey for him and they have bonded immediately !
